CHARLES ROY LENZI

Charles Roy Lenzi, eldest son of Charles Henry Lenzi and Ada Booth, was born August 22, 1882, at Salt Lake City, Utah.

He moved with his family to Park City in July, 1897, and attended the public schools there. On March 23, 1905, he married Lettie May Wilson at Heber, Utah. She was a daughter of Thomas Wilson and Louisa Elizabeth Hardy, being born July 20, 1882, at Scipio, Millard County.

They made their home in Park City, where five children were born to them: Ethel, born January 5, 1906, married Robert Richard Sonntag; Louisa May, born May 26, 1908, married Ellsworth M. Satre; Wilson Roy, born February 7, 1910, married LaRae Lindsay; Dwight Earl, born August 13, 1916, married Melba Lindsay; and Ralph Vaughn, born August 8, 1922, passed away July 22, 1926, at Salt Lake City, Utah.

Roy's occupation was painting and paperhanging. In the year 1921 he went to Keetley, then known as the Ontario Drain Tunnel, to paint the cottages and mine buildings for the Park Utah Mining Company. In the spring of 1923, after the painting was completed, he bought the commissary from the Park Utah Mining Company and was appointed postmaster.

Roy acted as postmaster until he reached the retirement age of 70 years. He was retired August 31, 1952, and received a very fine citation from the postmaster general at Washington, D. C.

He moved to Salt Lake City, Utah, on September 23, 1953, where he and his wife
